To  
Mr. Hiren Bafna  
Digital Technologies

I, Dr. Satish Puranik, Orthopedic Surgeon, associated with Apollo Group of Hospitals, Vedanta Group of Hospitals and Rhea Specialty Clinic, Thane, practicing since last 20 years.

We recently opened a super specialty clinic at Thane. All the computer hardware in this clinic was provided by Digital Technologies. All my colleagues like one very particular product "Intel NUC the small form factor PC Revolution." This capsule Computer System creates wonders in our clinic the same way pharmaceutical capsule creates wonders in human body. I also vouch him for timely providing of service.

His commitment towards his profession creates no doubt in my mind to refer him to my entire contact sphere.

Thanking You  
Yours faithfully,

Dr. Satish Puranik

Date: January 30, 2017
