**To Mr. Hiren Bafna,  
Digital Technologies**

I am pleased to offer this testimonial to **Mr. Hiren Bafna of Digital Technologies.**

I, Sandesh Shingote, partner of Miscot Systems. We provide document scanning and Document Digitization Services with Document Management System and business continuity services to our customers.

I have connected Hiren to one of my Friends Mr. Dhanesh Kuwar for Server and laptop requirements.

After their communication I got response from Dhanesh that Hiren is the **KING of TOSHIBA** laptops in Mumbai.

He said he took quotes from various suppliers in Mumbai but Hiren's quote was the lowest one, he also mentioned fact that Hiren is known for his best prices in the market when it comes to Laptops.

With this great satisfaction of his service I have started referring his name to many of my Customers, friends and business associates for all their computers, laptops and server requirements.

I hereby strongly recommend services of **Mr. Hiren Bafna** and wish him success in life.

**Sandesh Shingote**
